Category of Governor	Co-opted
Term of Office	First governance post 1990 My present term of office 2021 to 2025
Committees/Board Roles	Vice Chairman Committee meetings Safeguarding Recruitment, induction, development
<p>Skills / Experience/Background: My interest in school governorship began as a parent governor during the 1980's at a local Infant School in Aylesbury, some years later I joined the board at Broughton Junior School. My belief and passion in the importance of education and ensuring all children have the best possible life chances has not diminished in any way over time, in fact I think it has grown stronger because of my own development and learning. I am proud to have Chaired the governing body up until December 2022, worked alongside many dedicated and committed governor colleagues as well as had the privilege to meet and learn from a great number of outstanding educational professionals.</p> <p>I was born in Oxford, have lived in Aylesbury all my life, I am married with two wonderful grown-up sons and a have a beautiful little grandson. Over the years, my working life has been varied, I ran an early year's playgroup for some years, worked for health service and helped for a while in my husband's business. I am at present semi-retired but do keep myself busy with lots of interests, I am a trustee of a local children's charity, attend a Pilates class, read, attend local governor network meetings and keep up to date with my training in order to remain an effective school governor. Lastly, I very much enjoy working as a team, being a good friend, meeting people and helping, with others to ensure Broughton schools are the best they can be for children, staff and parents.</p>
