Executive Headteacher: Mr C Reed

Dear parents/carers,

As part of our Science topic on space, year 5 will be going on an exciting trip to the Science museum in London on **Thursday 3rd December**.

We will be doing a self-guided tour of the science museum's space display where your children will discover inspiring stories of human achievement in space travel and discover significant space objects. We will also be taking part in an interactive show called 'Mission to space' where we will discover our solar system and the fascinating world of space exploration. We will also learn how our ideas about space have changed throughout history, some of the mysteries we've been able to solve and a few things we have yet to figure out.

We will leave by coach at **9.00am** prompt, so please ensure that you arrive at school on time on that day and are due to arrive back to school by the end of the school day.

Please could you ensure that your child brings a packed lunch on that day even if they usually have a hot school meal. Remember to also pack plenty drinks (no fizzy drinks please). They can bring this in a small bag or rucksack.

To cover the cost of the trip, including the cost of the coach, we are asking for a voluntary contribution of **£17.05** which can be paid via Arbor. In order for the trip to go ahead, we would need to receive a sufficient amount of voluntary contributions otherwise we may have to cancel the trip.

Please log into Arbor to give consent for your child to attend the trip and to make payment. You will find this under the trips section in Arbor.

Thank you for your continued support,

The Year 5 Team.
